...THIS LAST "ALPHA" CHAPTER SADLY MARKS THE END OF MY FAVORITE H-MANGA/DOUJIN SERIES EVER - SLUT GIRL. DID SAYOKO "BORROW" THE MONEY FROM SATORU JUST TO HAVE AN EXCUSE TO STAY AT HIS PLACE AGAIN? OBVIOUSLY... BUT THE QUESTION REMAINS WHETHER IT WAS TO GET AWAY STRICTLY FROM THE YAKUZA, OR DID SHE MISS HIM/HIS "TOOL" AND WANTED A PRETENSE TO CONTINUE ON WHERE THEY LEFT OFF THE LAST TIME SHE LEFT HIM? WHO KNOWS... ??? MAYBE SHE WAS JUST BORED. ^\_^

WHERE DID THIS "ALPHA" CHAPTER COME FROM? KODASHA PUBLISHING ASKED ISUTOSHI TO ADD A BONUS CHAPTER TO THE 2ND PRINTING OF THE SLUTGIRL VOLUME IN ORDER TO MAKE IT WORTHWHILE FOR COLLECTORS TO PICK IT UP. I HAVE INCLUDED THE PLACES YOU CAN PURCHASE THIS 2ND PRINTING FROM BELOW AND ISDN NUMBER FOR SLUTGIRL+α ON THE NEXT PAGE AS WELL.

I AM FAIRLY CONFIDENT ISUTOSHI LEFT THE INITIAL ENDING TO SLUT GIRL RATHER OPEN ON PURPOSE, SO ADDING A CLOSING/ENDING CHAPTER PROBABLY WAS NOT SOMETHING HE WANTED TO DO. I WAS SORTA BUMMED WHEN I READ THIS ALPHA CHAPTER, BUT AFTER A 2ND LOOK, IT MAKES PERFECT SENSE. YET ONCE AGAIN, SAYOKO HAS WEASELED HER WAY INTO SATORU'S LIFE AND THE ENDING IS STILL WIDE OPEN. NOT AS IF WE CAN'T EXACTLY EXPECT A WEDDING DRESS FOR THIS INFAMOUS SLUT GIRL, NOW CAN WE? A REUNION IS BETTER THAN NOTHING AT ALL, RIGHT?!

(Please do NOT spam him!)

(Thanks to online sources like Ultimate Manga Guide, Amazon.co.jp, and some loooooong Google searches, I have compiled all this information below to the best of my ability. May not be 100% accurate or complete!)

Isutoshi's published works in rough order of latest printing...

Renge (series of H parodies)

Released as compilations by GERUMARU (at least 4 volumes I know of)  
RENGE vs Sakura, RENGES Returns, RENGES vs Eva 1, and RENGES vs Eva 2  
Released (1996/07) through (1998/03)

I honestly know very little about the story behind the "RENGE" series from Isutoshi. From what I have been told, these were a series of earlier works (some around '94) that were put together by/fan of Isutoshi for volume publishing. As to the extent of this "fan-made" collections, I can only make assumptions as to how they were published, but they do represent Isutoshi's first semi-large distribution of public work. Maybe fans helped get them published by donating time/effort into finding a publisher, or creating a small/temp publishing company of their own. If you have more info about these, drop me an email so I can update my info. The stories themselves are almost all H-parodies of famous games/anime/manga. As the titles indicate, series like Sakura Wars, StreetFighter, and Neon Genesis Evangelion were the basis of these h-parodies. The artwork in these are wonderful, since they show a younger/grass-roots beginning of Isutoshi's work. Although it may just be idle web talk, I was once told that a few folks over at GAINAX loved the NGE parodies. None of these are licensed, nor will they probably ever be, due to their obvious copyright issues with the original series they make fun of :-)

# Koukousei Puraura [High School Planet Prowler]

高校星ブラウラ

Serialized in Wani Magazine; released as 2 volumes (finished)

ISBN: 4898293905 ; 1 Released (1999/08)

ISBN: 4898294235 ; 2 Released (2000/12)

A wild mix of comedy and h-adventures ensues for this strange group of characters, as they set out for adventure. Currently not licensed for US distribution, but is jammed packed with awesome sex scenes (most are even more intense than those depicted in Slut Girl). My thinking is that this 2 volume compilation (probably Isutoshi's most personal work) is just a strange fit for US companies at first. The "H" is very hentai, with lots of group, dp, lesbian, anal, spoof, and more... but with a good amount of gags/comic relief thrown in as well! I guess they think us American hentai manga readers would not buy an h-manga that does not have a sex scene on every page... Sorta sad we are thought of that way, but maybe someday it will get picked up for US distribution by a forward thinking company. Hint Hint ^\_^

## Suratto Onna [Slut Girl]

スラッと女 or スラッと女+α

(Reprint volume has "+α" -alpha- 16 page addition/chapter included, not seen or released in the US... Until now ^\_^)

Serialized in Fujimi Comics; released as 1 volume (finished); Slut Girl published by Eros Comix in USA

ISBN: 4886537731 for Slut Girl +α; Released (2003/05) by Kodansha (Original J Volume from Fujimi Pub. Co. is OOP -out of print-)

The wild & totally uninhibited kinky adventures of the sultry Sayoko Bizen, a.k.a. Slut Girl! Slut Girl is a blast & fun to read. Hot sex + comedy! Sayoko is not so much a slut, rather a user of people, she's always broke, but can very well stand up for herself. Poor Satoru, Sayoko's boyfriend/play-toy in the series is really the one who we should pity in this series. Even though he gets to screw Sayoko, and her friends Naina (aka Neena), Emi Tanba, and Tosa Takak, he is the one that always seems to get "screwed" in the end... ^\_-

## Tende Freeze or Tende Freeze!

てんでフリーズ!

Serialized on Afternoon, released as 4 volumes (finished)

ISBN: 4063142914 ; 1 Released (2002/04/23) - ISBN: 4063143090 ; 2 Released (2002/11/22)

ISBN: 4063143279 ; 3 Released (2003/09/22) - ISBN: 4063143473 ; 4 Released (2004/05/21)

Tende Freeze is another "beauty and the lech"- comedy with a beautiful psychic girl, Koyuki, accidentally meeting the height-challenged son of a legendary healer. The boy's (Umehachi) proximity and mood works as a kind of psychic power catalyst for Koyuki and others with special abilities. The simple gags/storyline of this series is what makes Tende Freeze's fun. Umehachi is used by Koyuki, and others, but is fairly oblivious or at least ambivalent about it, due to his huge crush on her. This is the first mainstream title of Isutoshi and that equals NO hentai. However the women are of course still ultra hot, as nobody draws the female form quite like Isutoshi! Not yet licensed, but hopefully one day!
